

Radial Lead Type

Series: **M** Type: **A**

This Series is no longer available for purchase in the country of Japan.

Features

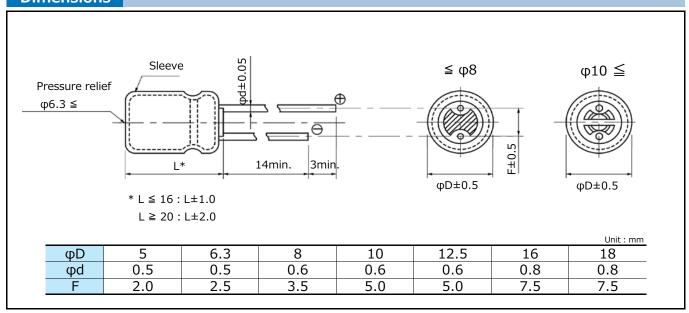

Endurance : 85 ℃ 2000 h
Smaller than series SU

RoHS compliant

Specifications									
Category temp. range	-40 °C	to +85 ℃	−25 °C to +85 °C						
Rated voltage range	6.3 V.DC	to 100 V.DC	160 V.DC to 450 V.DC						
Capacitance range	2.2 µF t	o 22000 µF	2.2 μF to 470 μF						
Capacitance tolerance	±20 % (120 Hz/+20 ℃)								
Leakage current	$I \le 0.01 \text{ CV or 3}$ ((μA) After 2 minutes	$I \le 0.06$ CV or 10 (μ A) After 2 minutes						
Leakage current	(Whichev	er is greater)							
Dissipation factor	Please see the attached characteristics list								
	After applying rated working voltage for 2000 hours at +85 °C±2 ℃, when the capacitors are								
	restored to 20℃, capacitors shall meet the following limits.								
Endurance	Capacitance change Within ±20 % of the initial value								
	tan δ ≤ 150 % of the initial limit								
	DC leakage current	Within the initial limit							
	After storage for 1000 hours at +85 ℃±2 ℃ with no voltage applied and then being								
Shelf life	stabilized at +20 ℃, ca	pacitors shall meet the lim	nits specified in Endurance.						
	(With voltage treatment)								

Frequency corr	ection factor for r	ipple current		
Frequency (Hz)	50, 60	120	1 k	10 k to
Correction factor	0.70	1.00	1.30	1.70

^{*1:} Ripple current (120 Hz / +85 $^{\circ}$ C)

^{*2:} $\tan \delta$ (120 Hz / +20 °C)

[•] When requesting taped product, please put the letter "B" or "i" between the "()". Lead wire pitch *B=5 mm, 7.5 mm, i=2.5 mm

[·] Please refer to the page of "Taping dimensions".

Guidelines and precautions regarding the technical information and use of our products described in this online catalog.

- If you want to use our products described in this online catalog for applications requiring special qualities or reliability, or for applications where the failure or malfunction of the products may directly jeopardize human life or potentially cause personal injury (e.g. aircraft and aerospace equipment, traffic and transportation equipment, combustion equipment, medical equipment, accident prevention, anti-crime equipment, and/or safety equipment), it is necessary to verify whether the specifications of our products fit to such applications. Please ensure that you will ask and check with our inquiry desk as to whether the specifications of our products fit to such applications use before you use our products.
- The quality and performance of our products as described in this online catalog only apply to our products when used in isolation. Therefore, please ensure you evaluate and verify our products under the specific circumstances in which our products are assembled in your own products and in which our products will actually be used.
- If you use our products in equipment that requires a high degree of reliability, regardless of the application, it is recommended that you set up protection circuits and redundancy circuits in order to ensure safety of your equipment.
- The products and product specifications described in this online catalog are subject to change for improvement without prior notice. Therefore, please be sure to request and confirm the latest product specifications which explain the specifications of our products in detail, before you finalize the design of your applications, purchase, or use our products.
- The technical information in this online catalog provides examples of our products' typical operations and application circuits. We do not guarantee the non-infringement of third party's intellectual property rights and we do not grant any license, right, or interest in our intellectual property.
- If any of our products, product specifications and/or technical information in this online catalog is to be exported or provided to non-residents, the laws and regulations of the exporting country, especially with regard to security and export control, shall be observed.

< Regarding the Certificate of Compliance with the EU RoHS Directive/REACH Regulations>

- The switchover date for compliance with the RoHS Directive/REACH Regulations varies depending on the part number or series of our products.
- When you use the inventory of our products for which it is unclear whether those products are compliant with the RoHS Directive/REACH Regulation, please select "Sales Inquiry" in the website inquiry form and contact us.

We do not take any responsibility for the use of our products outside the scope of the specifications, descriptions, guidelines and precautions described in this online catalog.
