

StructuredGround™ UGB-IN-SO Universal Ground Bar, Stand Offs, Plastic, PK1

UGB-IN-SO

The UGB-IN-SO Universal Ground Bar Bonding Stand-Offs are used with the Universal Ground Bar products. They securely terminate the main equipment grounding conductor with a compression or mechanical connector in any control panel or enclosure. Made from 110 electrolytic tin plated copper and DMC grade plastic, the unique shape allows more surface contact between the wire connectors and the ground bar. There are multiple termination methods, and mounting options are available.

Specifications

Product Type	Grounding Busbar
Sub Brand	StructuredGround™
Overall Length (In.)	1.57
Overall Length (mm)	40
Overall Width (In.)	0.59
Overall Width (mm)	15
Overall Height (In.)	0.98
Overall Height (mm)	25
Application	Control Panel
